

Mobicon Systems Quality Policy

4.9801 QUALITY POLICY

Mobicon is committed to maintaining a quality management system that will improve efficiency and productivity and ensure that all our products and services meet or exceed the requirements of our clients, industry best practice and standards.

The quality management system shall be in accordance with the requirements of ISO 9001:2015.

Strategies include:

- Setting measurable objectives and reviewing our performance against objectives at least annually. Objectives shall also be reviewed at least annually and modified or replaced as deemed necessary.
- Providing adequate resources to maintain the quality management system.
- Communicating this policy to all employees through inductions, training, and continual demonstration of its principles (leading by example) in the workplace.
- Ensuring the management system is implemented across the organization.
- Promoting a culture standard of zero defects performance.
- Monitoring and measuring the effectiveness of implementation of the system to verify performance.
- Reviewing the Quality Policy at least annually in consultation with staff.

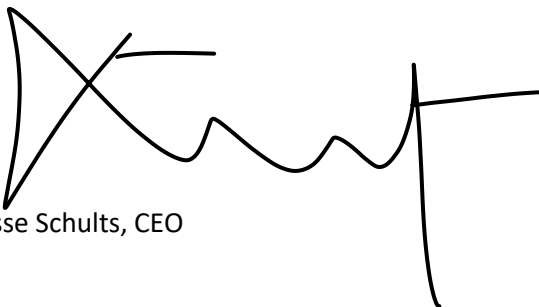

Senior management is committed to this quality policy and to the systems developed to deliver its strategies.

Senior management supports staff in their commitment to:

- Comply with the quality system.
- Continually improve the quality system.
- Strive for product and service excellence.

The quality management system assures our customers of our ongoing commitment to provide them with cost-effective, value-based solutions.
